

Caregivers of Aging Parents Ministry

Talent Bank Survey

One of the greatest ways we support one other is by sharing our experiences and knowledge. Caregivers ministry is currently creating a resource list of parishioners who have experience with caring for an aging parent and are interested in sharing their knowledge with others beginning this journey. You don't have to be an expert. If you have any experience in the following areas and are willing to be included on our "Talent Bank" web page, please fill out the form below and drop it off in the St. James' Church Office (14 Cornwall Street NW, Leesburg). Please contact Anne Stine through the Church Office if you have any questions. Thank you.
